

HOW TO EDIT FROM YOUR PHONE/TABLET

STEP 1: USE THE CANVA TEMPLATE

- Let's get started! No worries if you make a mistake, just use the  "undo" button in the top left corner of your screen.
- Your cards will auto-save so you won't lose any progress.

STEP 2: REPLACE PHOTOS

- Tap on the photo inside the heart frame and tap "Replace" at the bottom of your screen.
- Find and select the photo you want to use. (quick tip... create a photo album of the specific photos you want to use first and this process will be much faster)
- Once your photo appears inside the heart frame, double-tap the photo to adjust the size and placement. Then tap "Done" at the bottom of your screen.

STEP 3: EDIT NAMES

- Tap on the text box that says "NAME" and then tap  "Edit" located at the bottom of your screen.
- Type the name of the person on your card. Then tap "Done".

STEP 4: EDIT EVERY CARD

- Tap on the gray empty space outside the card artwork. Swipe to the next card and repeat steps 2 & 3 to change the photo and name on all your cards.

STEP 5: REVIEW AND SHARE CARDS WITH ME

- Tap on the gray empty space outside the card artwork. Swipe through the entire deck to double-check that all photos and names are correct.
- Tap the  "Share" button in the top right corner of your screen. Tap "Share link" and type crystal@loved-ones.com in the text box. Then tap the "Send" button.

I'LL TAKE IT FROM HERE!

I will prepare and send your cards to my printing partner. They will make your card game in 3-5 business days and ship it directly to you. Hooray!
